Conference Centre Bookings

Bookings for the conference room is allocated by a point system. Each half a day is one (1) point for one (1) room. It is two (2) points to book one (1) room for one full day. If a conference room is not being used, and is not booked, please contact the Concierge and/or the Property Manager to see if you are able to book the room.

Points will not be used for last minute bookings provided the meeting room is available. Each tenant is allocated points based off their proportionate share of leasable space within the building, because of this the tenant representative must be the individual or provide authorization for the conference room(s) booking.
